## SYNERGY

### EASY SETTING FOR PERFECT WELDING

The All New BesterMIG 200-S power source will shift your perception of welding to a higher level. Synergy is an innovative technology based on automatic selection of welding parameters.

- Forget about choosing the right welding current, wire feed or material thickness settings, synergy does it for you, ensuring perfect welds.
- Synergy minimises the risk of welding defect, guaranteeing superb weld quality and low cost implications.
- Weld seamlessly – automatic adjustment of parameters saves weld time and increases efficiency.

## BESTERMIG 200-S

- Multiprocess, portable, compact welder: MIG/MAG, FCAW, MMA and TIG Lift.
- Equipped with SYNERGY based on automatic selection of welding parameters
- Perfect solution for hobbyists and DIY-enthusiasts – makes welding faster and more efficient
- Built-in Arc Force and Anti Sticking devices – improving arc starting and stability, for better weld quality
- Bright digital display
- Generator ready
- Easy polarity change

### CUSTOMER ASSISTANCE POLICY

The business of The Lincoln Electric Company® is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to enquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to [www.lincolnelectric.eu](http://www.lincolnelectric.eu) for any updated information.
